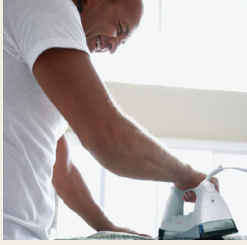
SUNBEAM® CLASSIC STEAM IRON



1 Non-Stick Soleplate 2 Steam Selector Lever 3 Push Button for Spray Mist®
4 Push Button for Shot of Steam® 5 12-Foot, 360° Swivel Cord 6 Easy-to-Operate Fabric/Temperature Settings 7 Easy-View Water Reservoir 8 Storage Strip™

A CLASSIC FOR YOUR IRONING NEEDS

The Sunbeam® Classic Steam Iron boasts a sleek chrome skirted design and has all the features your guests will want. 3-Way automatic shut-off, Drip Free™, and a Shot of Steam® button which enables your guests to aim a blast of steam precisely where it's needed. Plus the Safe-Storage Strip™ indicates when it's safe to store the iron, a great new feature addition.

DID YOU KNOW?

The exclusive Sunbeam Safe Storage Strip™ turns red when the iron is too hot to handle or store — a great safety feature for both guests and housekeeping.

PRODUCT HIGHLIGHTS

- 30-Second motionless shut-off (when iron is horizontal or on its side) 15-minute shut-off (when upright)
- Non-Stick Soleplate
- Self-Cleaning
- 12-Foot, 360° Swivel Cord
- Spray Mist®
- Shot of Steam®
- Easy-to-Operate Fabric/Temperature Controls
- Large Easy-View Water Reservoir
- Drip Free™
- Designed to use tap water
- Safe Storage Strip™ feature
- Two-Year Limited Hospitality Warranty

Sunbeam® HOSPITALITY

1800-099
SUNBEAM® NIGHTLIGHT

1 1/2 Inch Backlit LED Display 2 Dimmer Switch 3 Nightlight

PROVIDES GUEST COMFORT AND SAFETY AND PAYS FOR ITSELF IN ENERGY SAVINGS

Designed specifically for hospitality, this nightlight delivers for you and your guest! Long lasting, safe, durable LED technology quickly pays for itself vs. guest leaving on the bathroom light. Theft resistant — the 1800-099 is designed to secure to a standard GFI-outlet plate. Dimmer control so guest can set brightness level, or turn off completely. Easy-to-read back-lit LCD clock is a great convenience for guests in the vanity area.

DID YOU KNOW?

Almost 1/3 of guests leave the bathroom light on if a nightlight is not available. Poor lighting is a major contributor to hotel room accidents.

PRODUCT HIGHLIGHTS

- Energy savings — conservatively a 500 room hotel would save $6,072 in electricity over one year*
- Long lasting, LED technology nightlight
- Dimmer control
- LCD clock with easy to read 1/2 inch display
- Clock controls are accessible to hotelier, but not guest
- Clock is run by a separate battery — so no need to re-set if power goes off
- Theft deterrence, the nightlight is secured to the outlet plate
- Design allows access to GFI controls
- Product is easy to install (simply screw to existing wall plate area – longer screw provided with product)
- Easy to re-set time for DST (1 button operation)
- Width of nightlight does not exceed wall-plate, ensuring ability to use in any bathroom design
- Smooth durable surfaces – easy to clean/maintain

Ultrasonic Humidifier

BIONAIRE

2012

Humidifiers

Ideal Room Type: **Medium Room**

ABOUT THIS MODEL

Ultrasonic humidifiers provide instant visible cool mist humidification and do not require the use of filters. Soothing moisture help relieve cough and cold symptoms as well as maintain your home's interior and promote good health…helping you sleep and breathe more comfortably.

KEY BENEFITS

- Nightlight
- LCD digital clock panel
- 24 hour timer
- Programmable digital humidistat

OTHER FEATURES

- 1.22 gallon tank capacity
- Up to 32 hour runtime
- 3 comfort settings
- 1.6 output/day
- Empty tank indicator
- Humidity sensor
- Ultra-quiet operation
- Change cartridge indicator light
- Antimicrobial protection to help prevent the growth of bacteria

BUL7923-CN

Suppliers - FAQ

(Questions Hotel Operators should ask BEFORE selecting an **Appliance** supplier)

Do you design products SPECIFICALLY for the Hospitality Industry?
Sunbeam Hospitality has its own Marketing and New Product Development Staff, focused on designing and producing products for use in the Hospitality Industry.

Do you offer warranties on your products?
Sunbeam offers the best warranties in the industry on its complete line of hospitality products.

Are Replacement parts available?
Sunbeam offers replacement parts for most components on its appliances.

Do your appliances offer "cost-in-use" savings?
Sunbeam is focused on developing products for the hospitality industry that deliver "cost-in-use" benefits by satisfying hotel business needs such as: Labor Reduction, Energy Savings, Conservation, Guest Safety, and Image Enhancement.

Do you offer the service provided by dedicated sales managers?
Sunbeam has a sales force covering the entire nation that is available to answer your questions and service your in-room amenity needs.

Do you offer a full-line of in-room appliances?
Sunbeam offers a complete line of in-room appliances, including irons, hair dryers, coffee makers, clock radios, toasters, blenders, can openers, and many more.

Sunbeam HOSPITALITY

Hair Dryers - FAQ

(Questions Hotel Operators should ask BEFORE selecting a **Hair Dryer** supplier)

Why should I buy a Nightlight Hair Dryer?
Nightlight Hairdryers with bright neon lights save hotels money by reducing the amount of electricity guests burn by leaving the bathroom light on all night long.

How much can I save with a Nightlight Hair Dryer?
Savings are estimated at between $10 and $22 per room, per year depending on occupancy, cost of electricity, and user preference.

What is the length of the Hospitality warranty?
Sunbeam hair dryers are backed by a full one year Hospitality warranty.

Does the hair dryer have a removable lint filter?
Sunbeam wall mount hair dryers all have removable lint filters that extend the life of the hair dryer by keeping the air intake clean.

Are replacement parts available?
Sunbeam offers replacement parts for most components on its hair dryers.

How many watts do I need?
Sunbeam has researched the trade-off between electrical use and drying time and has discovered that a 1500 Watt hair dryer provides the ideal balance of drying power and electrical use.

How do I connect it to the power source?
Sunbeam offers hair dryers that are mounted to the wall and plugged in to a normal socket. We also offer a hair dryer that is capable of hardwiring.

Sunbeam HOSPITALITY

Clock Radios - FAQ

(Questions Hotel Operators should ask BEFORE selecting a **Clock Radio** supplier)

Is the clock radio easy to set?
Sunbeam clock radios are so easy to set they practically set themselves.
How much space does it take up?
Nightstand space is often limited in hotel rooms. The Sunbeam clock Radio is only 2.5" by 6.5", making it one of the smallest clock radios on the market.
What is the length of the Hospitality warranty?
Sunbeam clock radios are backed by a full one year Hospitality warranty.
What colors are available?
Sunbeam offers clock radios in black only.
How's the reception?
Sunbeam clock radios have a highly sensitive ferrite core bar antenna for AM reception and a FM antenna built right into the power cord.

Sunbeam HOSPITALITY

Coffeemakers - FAQ

(Questions Hotel Operators should ask BEFORE selecting a **Coffeemaker** supplier)

Why do I need an auto-shut coffee maker?
Hotel guests can often be "forgetful" when it comes to turning off their coffee maker.

Why should I purchase a pause & serve coffee maker?
Pause & Serve allows guests to pour a cup of coffee before the entire brew cycle is complete. This feature eliminates the mess (and clean up time) caused by spilling on the warming plate during the brew cycle.

What is the length of the Hospitality warranty?
Sunbeam 4 cup coffee makers are backed by a full **two year** Hospitality warranty.

Is the Water reservoir easy to clean?
Many four cup coffee makers have a permanent grill that covers water the water reservoir. This grill makes it virtually impossible to clean the water reservoir. Sunbeam coffee makers do not have grills covering the water reservoir.

Are replacement parts available?
Sunbeam also offers a Stainless Steel replacement carafe.

Why Stainless Steel Carafes?
The Sunbeam Stainless Steel Carafe has solved the broken glass problem for hoteliers everywhere. Not only is the Stainless Steel Carafe safer for the guests, but it will save hotels the costly expense of workers compensation and lost time when housekeepers cut themselves while cleaning a broken glass carafe.

Sunbeam HOSPITALITY

Irons - FAQ

(Questions Hotel Operators should ask BEFORE selecting an **Iron** supplier)

Why do I need an auto-shut off iron?

Auto-off irons save hotels money by limiting costly burn damage in the room. Fifteen minute auto-off is important, but an iron with a 30 second auto-off left in the ironing position is ideal.

What is the length of the Hospitality warranty?

Sunbeam steam irons are backed by a **two** or one year Hospitality warranty.

Does the iron have a self-cleaning feature?

All Sunbeam Hospitality steam irons are equipped with a self-cleaning steam valve.

What about the soleplate?

Sunbeam steam irons offer a durable non-stick soleplate that glides easily over all fabrics. Sunbeam steam irons also feature 100% aluminum alloy soleplates that resist rust.

Why should I have a 12 foot cord on my iron?

Sunbeam has learned that 68% of guests do not iron on the iron board in hotel rooms. One reason for this is that traditional 8 foot cords can not reach the board with the often "tricky" outlet placements in many hotel rooms. The 12 foot cord makes it possible for guests to use the ironing board, limiting the risk of burn damage in the room.

Sunbeam HOSPITALITY

Key Selling Points

- **Coffeemakers**
  - Industry leading 2 year limited hospitality warranty
